

Saint Clara - Here For Me

G

It's been a shit week, but you didn't know that, did you?

Em7

How can I expect you to know something I didn't tell you?

Csus2

Keeping it all to myself, never asked nobody for help

Dsus4

Like that'd just make me feel better

Em D Em G C

Ghosted all my friends

Em D Em G D7

Here we are a-gain

G

When the fucking voices in my head won't leave me alone at night

Em7

And the conversations get so dark that it's too hard to hide

C2

Dsus4

When the realization hits that I've become my own worst enemy

G

'Cause the only one that's here for me is me

G

It's been a shit month, but at least I survived it

Em7

I fake a smile so I keep the mask from sliding

Csus2

Don't let anybody in further than I can pull them out again

Dsus4

Like that's gonna make it better

Em D Em G C

Gaslighting my friends

Em D Em G D7

Here we are a-gain

G

When the fucking voices in my head won't leave me alone at night

Em7

And the conversations get so dark that it's too hard to hide

C2

Dsus4

When the realization hits that I've become my own worst enemy

G

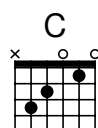

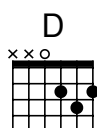

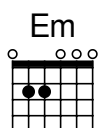

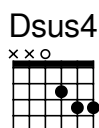

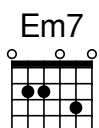

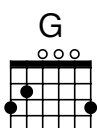

'Cause the only one that's here for me is me

Em7

Here for me is me

C2

Ghosted all my friends

Dsus4

Here we go again

G

And the sad thing is, I know I've only got myself to blame

Em7

'Cause the chain reaction is the same shit time and time again

C2

Dsus4

When the realization hits I've always been my own worst enemy

N.C.

'Cause the only one that's here for me is me
